校長的話

馮敏兒校長

2019冠狀病毒病肆虐全球，人類生命受到前所未有的威脅。過去十六個月，我們經歷過不能回校的日子、探望相聚也談不上容易；或甚上班、外出購物和晚膳等也是受到限制。平日，我們與孩子常可以面對面、有說有笑；對學科知識作深入淺出的探討交流，多姿多采的生活驟然停頓了。

我們的心態也由起初的疑惑、驚慌、擔心、憂慮，繼而學習面對、學習適應、學習迎難而上，最後以平靜的心態重回正軌，漸入佳境。在「混合模式」下，我們利用「新科技」：製作教學影片，擬備電子學習材料，利用電腦科技及網上平台進行實時教學、在情況許可下，讓孩子回校進行面授課堂，務求令我們嘉靈孩子減少受疫情影響，持續學習，真正實踐「停課不停學」。

一場疫症，確實令莘莘學子失去了許多難忘的學習經歷和寶貴的校園時光。
然而，我們相信孩子愛上學、愛學習，校園生活帶給他們無盡歡樂和回憶。
我們肯定學校是孩子學習的好園地，虛擬教室不可能完全取代真正的教室。
我們認同養成自律的重要性，健康生活的模式有助孩子奮進求學。
我們確信科技可解決疫情下防疫需要，卻不能完全取代人與人之間的親身接觸、健全社交發展。
我們學懂珍惜相聚的時刻，用心感受生命的觸碰。
我們體會父母能與子女建立關係，培養甜蜜而深厚的骨肉之情，便能攜手面對逆境，共度難關。
我們感謝老師、學生和家長以正面積極的態度迎接無時無刻的轉變，傾盡全力適應新常態。

我們篤信只要懷着希望的心，在教學上不斷求進；珍視與孩子相處的時光，與家長攜手陪伴孩子踏上成長路。正如聖經《格林多前書》第十三章第七節記載：「凡事包容，凡事相信，凡事盼望，凡事忍耐。」從今天起，只要我們願意付出努力，信靠天主，祂一定會陪伴着我們衝破重重障礙。

《愉快的學習參觀》　四禮 雷家慧

二零一九年一月十日是我校的學習參觀日。那天天氣晴朗，老師帶領我們到香港濕地公園去。

第一站，老師帶我們到「貝貝之家」。原來貝貝是一條雌性的河口鱷。牠曾經離家出走，現在，「貝貝之家」就是牠的居所。

接着，我們到達「紅樹林浮橋」。大家都感到非常興奮，因為我們可以看見彈塗魚和招潮蟹，牠們都很有生命力；同時，我們也感到十分緊張，因為浮橋搖搖晃晃的，我們生怕掉到橋下，所以大家都小心步行。

在旅程中，令我印象最深刻的是參觀「魚塘觀鳥屋」。我使用望遠鏡觀察黑臉琵鷺和小白鷺，令我能親眼看見這些罕有的鳥類，真是十分難得！轉眼間，一年一度的學習參觀要結束了，大家都依依不捨地離開。

這次旅程豐富了我的知識，我很享受這次愉快的學習參觀，真期待下次的學習參觀呢！

《失而復得的小木盒》　五義 楊穎姍

今天，我如常地開始一天的生活。在等待媽媽準備早餐時，我拿起手機翻看以前拍下的照片。

突然，我從一張舊照片回想起，我在小時候曾把一堆兒時玩意放在一個小木盒裏，並把它埋在泥土下，作為我的時間囊。可是，現在的我竟然忘記了時間囊埋下的位置，也忘記了小木盒裏珍藏了甚麼東西。在好奇心的驅使下，我開始展開尋找時間囊之旅……

我左思右想，最後決定先在我家的小庭園挖掘。我挖來挖去，怎樣也找不到時間囊的蹤影。當我竭盡全力地挖掘小庭園，滿心歡喜地以為能找到小木盒時，卻連一片木塊也找不到！我當時的心情十分複雜，腦海裏迴盪着一把聲音：「為甚麼？為甚麼？為甚麼找不到？」

我拖着疲累的身軀回到睡房，軟弱地躺在牀上。慢慢地，我開始啜泣起來，我的眼淚終於忍不住如同河流般湧下。「嗚嗚嗚……嗚嗚嗚……」我的哭聲猶如無法停止的旋律，在房間裏不斷循環，不斷循環……窗外的景色即使再美麗，我卻感到灰濛濛一片，一點也笑不出來。風聲「唰唰」地響起，我曾經最愛的風聲，如今卻變成一道道冷諷熱謝。我不停地埋怨自己，心裏想：自己埋下的東西，怎麼會找不到呢？

這時，疲累的我開始沉睡起來。在夢裏，我看到自己在一棵大榕樹下埋下了小木盒，並對着它微笑道：「希望將來的我能找回你吧！」

醒來後，我立刻跑到那棵大榕樹下，連忙用手挖開泥土，「找到了！我找到了！」我興奮地打開小木盒，細看裏面的每一件小玩具，憶起當年天真無邪的我，回味那兒時純真的我。

現在，每當我看到那個失而復得的小木盒，都會提醒自己要樂觀地面對困難，還要想方設法解決問題。

《第一次乘搭飛機》　五智 黃柏堯

記得兩年前的暑假，我們一家人到台灣旅行，那是我第一次乘搭飛機，真的令我感到非常難忘。

當天，我們很早便到達機場，我既開心又興奮，心裏不停地想着：乘坐飛機的感覺是怎樣的？天上的雲朵又是怎樣呢？進入機艙後，媽媽指示我坐在靠窗的位置，好讓我看到飛機升空的過程。我握着媽媽的手，耐心地等待。

「唰」的一聲，我繫上安全帶，飛機便要起飛了。起初，飛機行走的速度與巴士差不多，當我有點失望之際，飛機卻突然加速，那種刺激的感覺是我從未感受過的。那一刻，我嚇得目瞪口呆，心裏卻湧着一份驚喜。

空中的雲就像一羣羣小綿羊，有些在睡覺，有些在賽跑，有些在吃草。過了一會兒，我們已經越過了所有羊羣，我心中暗暗歡喜，似是獲得了勝利一樣。

對於第一次乘坐飛機的我來說，機艙裏的各樣事物都是新奇的：座椅上的電視機不停播放卡通電影，令我仿如置身於電影院中；服務員為我送上一份精美的兒童餐，有我喜愛的焗意粉、水果和飲品，令我仿如置身於高級餐廳中，獲得雙重的享受！

歡樂的時間過得特別快，飛機快將降落了。我又一次握着媽媽的手，準備再嘗那刺激的滋味。直到現在，我還經常向爸媽提起這次難忘的經歷呢！

《小學生齊環保》　六仁 黎天兒

放學回家後，我馬上開始做功課。當中，有一份作業需要搜集時事篇章。於是，我翻閱報紙，開始尋找合適的篇章。最後，我找到一篇有關環保的報道，並對此甚感興趣。

這篇報道提及塑膠對人類的影響。我好奇地問姐姐：「塑膠對人類有甚麼影響？」姐姐回答：「人類每年製造九十億噸塑膠，但只有百分之九能被回收。有些塑膠可能含有化學物質，當海洋生物誤食那些有毒的塑膠，便會因而中毒；而當人類吃了那些海洋生物，也會中毒。另外，塑膠比金屬和廢紙需要花更長時間分解，所以塑膠垃圾會堆滿堆填區，影響環境衞生。」

聽了姐姐的話，我好奇地問：「有甚麼方法能阻止這些事情發生？我只是一名小學生，能為環保做些甚麼呢？」

姐姐說：「正所謂集腋成裘，只要每人出一分力，就能保護人類、生物和地球。我們可以把環保變成習慣，例如：自攜環保袋代替膠袋、自備保温杯代替膠杯、減少使用膠餐具……這樣才能有效保護地球。」

我點點頭，答應姐姐：「我不會只是紙上談兵，一定好好實踐環保，保護我們的家園。」

Housework is fun!

2A Ng Chun Pui

My family members and I are at home. We do housework together.

I am folding the clothes in the bedroom. I feel bored. I want to play with my cat. Mum is washing the dishes in the kitchen. She feels angry. She wants to watch TV. Dad is ironing the clothes in the sitting room. He feels tired.

My grandpa is watering the plants in the balcony. He feels excited. My grandma is cooking some food in the kitchen. She feels happy. My sister is making the bed in the bedroom. She feels bored.

We do housework together. We like to keep our house clean. I like doing housework with my family.

When my grandma was a child

4C Chan Wing Suet

I love my grandma so I want to know more about her childhood.

My grandma was born in 1952. There weren't any computers or mobile phones. I think it was very boring. There weren't any air-conditioners either. It was very hot in summer! Their toilets were outside of the house. It was not convenient.

My grandma and her friends often played hopscotch. They played with bean bags and spinning tops. She thinks they were interesting.

My grandma didn't play electronic games in her spare time. However, she said she could play with her friends in the park. She was happy. Moreover, she didn't go to any theme parks. I can't imagine my life without theme parks! My grandma didn't go to any shopping centres either. She went to the market to buy food. I think shopping centres are more beautiful than markets. There are a lot of things we can buy.

My grandma was clever. She could pack her school bag when she was six. She could do up her buttons when she was four. She could carry her school bag when she was seven. I think she was good and independent.

When my grandma was six years old, she couldn't tie her shoelaces. She couldn't comb her hair either. But she practiced hard. She tried her best to do it. I appreciate her very much!

Grandma thinks life was better when she was a child. I think life is better now because we have Ocean Park and Disneyland. They are interesting. What do you think?

My family's farm

2D Yu Beier

I am Mandy. My family has a big farm. Its name is Bella's Farm. It is beautiful and colourful.

There are many animals on the farm. The pink pigs are near the barn. They are playing in the mud. They feel happy. The pigs are cute.

The fat ducks are swimming in the pond. 'Quack! Quack!' the ducks say. They are relaxed. They can lay eggs too.

The black and white cows are in the barn. They are eating grass. They feel full. The cows say, 'Moo! Moo!' The farmer is getting some milk from them.

We must follow the rules on the farm. We must keep quiet. We mustn't shout near the animals. The animals may feel scared.

It is fun to live on a farm. I can milk the cows and collect the eggs from the ducks. I want to be a farmer when I grow up.

A day at the supermarket

4C Lui Ka Wai

Sally went to Sunny Supermarket last Thursday. She wanted to buy some snacks for her birthday. She put a tin of nuts, two cartons of apple juice, and a loaf of bread in the trolley. Then she saw a packet of Yummy Potato Chips. She was glad because it is the most popular potato chips in the world.

Sally wanted to get a packet from the shelf. She is the shortest in the class so she couldn't get it. She tried to jump, but still, she could not get it by herself. She was very upset and disappointed. She needed to ask for help.

Luckily, she met her classmate, Liam. He is the tallest kid in her class. Sally asked him, 'Can you help me to get a packet of potato chips?' Liam said, 'Sure!' He got a packet of potato chips for Sally. She said, 'Thank you Liam!' Both of them were pleased.

Finally, Sally invited Liam to her birthday party. Liam agreed. Sally had a good time at Sunny Supermarket.

Lost in Ocean Park

5B Aidan Yip

Last Saturday, the weather was sunny. There was not a single cloud in the sky. It was a perfect time for Danny's family to go to Ocean Park.

'Beep, beep, beep...' the alarm clock rang and woke Danny up. He went downstairs and ate breakfast. Soon, Dad came out of his room with Mum and told Danny that they were going to Ocean Park. Danny cried with excitement.

A while later, they were ready and went to Ocean Park by bus. First, they went to the aquarium to look at the underwater creatures. They learnt a lot about sea creatures. Beside the exit, they saw a big fish tank. It was dark so they could not see anything. Suddenly, a shark appeared in front of Danny's eyes. He was really scared!

Next, they took the cable car to the summit. Danny saw the spectacular view of the ocean and the logo of Ocean Park. Shortly after, the journey was over, then, they went to Panda Village to visit the pandas. Danny said he needed to go to the toilet and he left.

It had been ten minutes already but Danny had not come back. His parents decided to look for him in the toilet, but he was not there. His parents searched the entire village. Finally, they found Danny at the entrance. He forgot the way he came in so he waited for them at the entrance. His parents breathed a sigh of relief.

They took the bus home in the evening. It was an unforgettable experience that Danny and his parents had!

The best job for me

6B Igboanua Whitney Kosi Chigbo

I am Simon. I am sporty and talkative. I like posting my life on social media. I like playing horror and funny video games. I like talking to my best friends online, playing video games and taking photos with them. I am good at designing new things.

I want to be a video creator when I grow up. I like this job because it is a relaxing and satisfying job. Although a tiring job, I want to entertain people with every video I make. I can also make different contents that people love and watch, like video games, vlogs and educational content. I hope I will make a lot of money with every subscriber's likes and views. I love my dream job.

Video creators need to be humorous and talkative so that they can gain a lot of views and followers. If I become a video creator, I can become famous and people will take photos with me.

I think this job is the best because I love browsing the internet and telling jokes. I hope one day my dream will come true.

Good behaviour at home and in public places

5B Yeung Sze Ki

Do you know how to behave well at home and in public places? If you don't know how to do it, just take a look at the following advice.

At home, we should say 'thank you' and 'please' politely to our families and helpers when we need help from them. We should get along well with our siblings and do nice things such as help them with their homework, and share our storybooks and toys with them. In addition, we should listen to our siblings patiently when they have problems. We should also help our parents with their work. For example, we can help Mum with the housework. We must behave nicely with our families to make them happy.

Besides, we should behave well in public places. In parks, we should wait patiently for our turns on swings. We should not climb the trees because we might fall down and get hurt. It is dangerous. Moreover, we should not litter, smoke or deface the facilities in the parks. We need to keep the parks clean and protect the public facilities.

We need to behave well in libraries too! In libraries, we should read or work quietly. We should not tear pages from books. This is an act of vandalism. We should not eat or drink either. We need to keep the libraries clean. We should return books on time because punctuality is important. We must respect other people so that they can enjoy their books in libraries.

In restaurants, we must be polite to the waiters. We should not lick our fingers as it is unsanitary. Furthermore, we should not play with our utensils when we are waiting for the meal. If we make noise, other diners will be disturbed. We need to respect one another so we should eat quietly in the restaurants.

To sum up, we should have good behaviour both, at home and in public places. Also, we should be nice to others at all times.

A diary entry

6C Wong Hoi Wai

Sunday, 13th December 2020 Sunny

Today is Sunday. My father, mother and brother wanted to go hiking but I did not want to go. Therefore, mum suggested visiting my grandma.

At grandma's home, she asked me what I wanted to eat. I said, 'Let's go to the Chinese restaurant downstairs.' Grandma said, 'Good idea! The food is so tasty!' Then we ordered some food, such as prawn dumplings, pan-fried dumplings, spring rolls, dan dan noodles and pork chop rice. Since we could not finish all the food, we used a box to take away the rest of the food. We were very happy and content with the food.

After breakfast, we went to Lai Chi Kok Park for a walk because the weather was sunny and windy. There were some people playing badminton, cycling, running and playing in the playground. We felt good.

We were walking when a dog took away grandma's walking stick. We shouted, 'Stop!' We were so shocked.

I was shouting while grandma was taking out the food box. There was some pork chop rice. The dog smelled it, ran towards the box and threw away the walking stick.

In the end, I praised grandma and she said, 'You will be as smart as me when you grow up.' We all laughed.

數學科營造數學校園

本學年數學科致力在校園營造數學環境，使學生能在生活中掌握數學概念，提升學習效能。

根據各級學習難點，一、二年級在「長度和距離」這單元中，老師在課室門張貼厘米尺，讓學生量度自己的身高，使學生能在生活中學習數學；三年級學生在「24小時報時制」這單元中，對於轉換24小時報時制及12小時報時制的概念常有混淆，因此老師特意製作一張清晰的時間線，讓學生能靈活地處理這兩個時制的轉換；而四年級學生在認識四邊形時常混淆各類四邊形的從屬關係，因此老師們把這些四邊形的從屬關係在課室門上展示；至於五、六年級的課室門上則張貼了百分數、分數、小數互化表，讓學生耳濡目染，從而釐清數學概念。

這些都是平行四邊形。

家長校董感言 麥志華先生

大家好！時間過得很快！這是我在法團校董會的第五個年頭，小兒來年也要升讀中學了。回想起這些年頭，作為家長，我們看見子女在學校接受了優質的教育，當中包括老師的悉心培育、多元化的活動及課程；他們現在已變得懂事和有禮。當然，這些輝煌的成果實有賴學校制訂了以學生為本的政策，而老師更在嚴峻的疫情下，為學生作出無私的奉獻；如此恩情實在令人感動。

期盼疫情盡快完結，讓我們能繼續與學校攜手合作，為嘉靈學校的學生一起努力，共建美好校園，以達成「家校齊心，夢想成真」的願景！
